

ALISON TEAL

Adventure Traveler | Filmmaker

A life long adventurer and surfer, Alison travels the world filming environmental and cultural phenomena, sharing it through her blog, photo, and film series *Alison's Adventures*. With a mission to educate through entertainment, her series inspires millions across the globe to travel by sharing the heart, soul, and spectacular beauty of each country she visits.

Alison's storytelling and humor captivate audiences of all ages. She is an acclaimed expert in her field, and was named the "Female Indiana Jones" by Time Magazine and the "Oprah of Adventure" by Huffington Post and O Magazine. Alison is a leading expert in sustainable travel and tastemaker in the emerging "travel with purpose" trend.
